

VALENTYNA DYKA

WORDPRESS DEVELOPER

PERSONAL PROFILE

I am a web developer with 8 years of experience. Most of this time, I have been working as a freelancer and have had a wide and varied experience.

From this period, I am especially proud that I worked directly with business owners, with manufacturers of goods, as well as with a political party.

I consider my strengths is:

- the ability to draw up the technical task of the project;
- the ability to independently draw up a time plan and follow it;
- I also have the skills of communication and finding the best options for solving tasks.
